

## Access and Inclusion Plan

The Country High School Hostels Authority is committed to delivering services for students and people with disabilities, their families and carers. The Authority is currently developing a new Disability Access and Inclusion Plan to ensure that everyone has equal access to its services.

The Authority invites any person with a disability, or their families, carers, representative groups or organisations to forward suggestions on how the Authority can improve its services.

Feedback can be given verbally or in writing and the Authority welcomes suggestions about how it can ensure that:

- people with disabilities have the same opportunities as other people to access the services of, and any events organised by, the Authority;
- people with disabilities have the same opportunities as other people to access the buildings and other facilities of the Authority;
- people with disabilities receive information from the Authority in a format that will enable them to access the information as readily as other people are able to access it;
- people with disabilities receive the same level and quality of service from the staff of the Authority;
- people with disabilities have the same opportunities as other people to make complaints to the Authority; and
- people with disabilities have the same opportunities as other people to participate in any public consultation by the Authority.
